INFORMATION**

Connect. Integrate. Simplify.

Technology for every office, delivering advanced functionality, ease of use and peace of mind

Every business is unique. That's why Toshiba offers the latest customisable solutions that can be tailored to meet your needs. Toshiba solutions help you simplify complex tasks while managing diverse information — efficiently and safely to maximise your productivity.

Toshiba's latest series delivers on our promise of Together Information - our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet your print, document management and content needs while helping you to meet your green objectives.

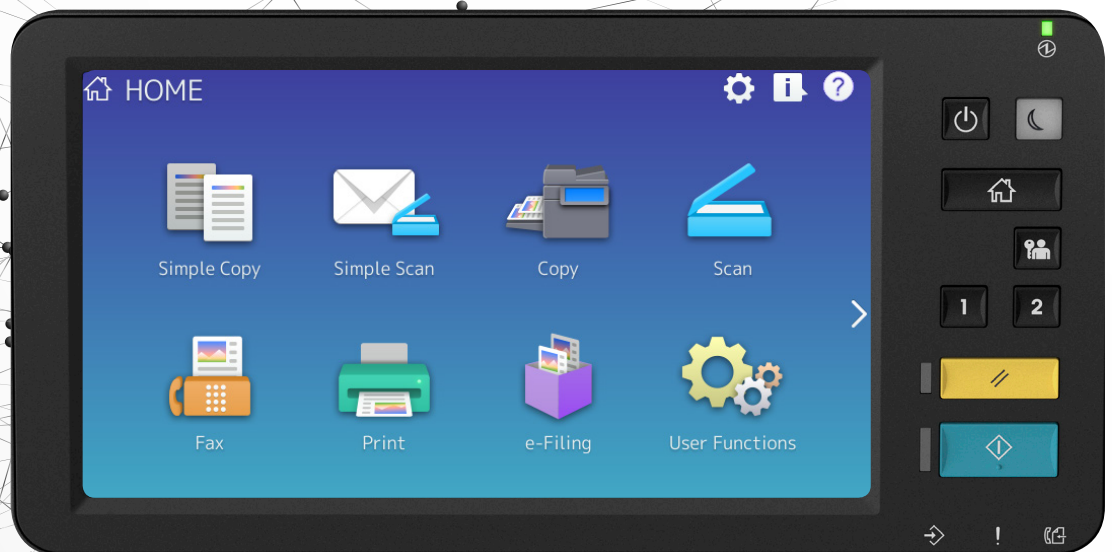

A productive all-rounder for demanding businesses

The Toshiba e-STUDIO5018A series delivers impressive, high-quality monochrome document output. All five multifunction systems in the series come with reliable security features and help enhance your productivity.

- The advanced Toshiba e-BRIDGE Next controller technology ensures smooth integration and operation without compromising on quality.
- With a print speed of up to 50 pages per minute, an amazing first copy output time and a paper capacity of up to 3,200 sheets, the e-STUDIO5018A series delivers reliable document output from the first to the last page.
- Designed to support and enhance document workflows and simplify complex multi-step processes.

Simple. Smart. Stylish.

A new 26 cm (10.1") tablet-style touch screen with an embedded web browser is easy to use and customisable to suit your needs.

Increased Efficiency

At Toshiba, we want to help you be more efficient and streamline your workflows. With this in mind we designed the e-STUDIO5018A series and equipped these systems with all the features you need for modern document workflows.

Today's world requires successful businesses to have access to data and information even when on the move. The e-STUDIO5018A series easily integrates into cloud and mobile workflows. In addition, you can integrate third-party solutions with ease, thanks to the advanced controller technology.

Our choice of embedded apps acknowledges the individual requirements of each business and gives you the flexibility to connect to the cloud-based application of your choice.

Responsibility for the planet

Toshiba is committed to people and committed to the future. This means that in order to build a sustainable society, we make every effort to minimise the impact on the environment by giving top priority to the conservation and protection of the world's natural resources in every business process and product. Therefore, the e-STUDIO5018A series has also been furnished with various environment-friendly features:

- Equipped with a low-power super sleep mode the systems save money and natural resources.
- Our devices arrive with you carbon neutral as all the carbon from procurement, production and shipping is offset by carbon reduction projects around the world as part of our Carbon Zero Scheme.

Security for your business

Toshiba is a leading provider of information technology and protecting data has always had utmost priority for us. So, of course, the e-STUDIO5018A series comes with enhanced security features, such as the self-encrypting Toshiba Secure HDD. By making full use of all the methods offered to protect personal data you can ensure that any information processed on the MFP is safe – enhancing your GDPR compliance.

A Compact Design with Everything Inside

Packed full with features and functionality, the e-STUDIO5018A series has been designed to help you enhance your efficiency, allowing you to do more in less time.

Mobile Printing gives you full flexibility and lets you easily connect to mobile devices via AirPrint, Google Cloud Print or the Mopria Print Service.

Wi-Fi Direct Feature³⁾ offers the possibility of on-demand connection. Add to this the Toshiba e-BRIDGE Print & Capture app and you get even more flexibility as it not only lets you print from, but also scan to your mobile device.

Embedded Optical Character Recognition (OCR)³⁾ simplifies the creation of searchable PDFs and editable document formats such as Microsoft Word.

Scan to USB is great for working with your documents when on the go. Plus, with the option to create PDF/A-2 files your documents are ready for long-term archiving.

Scan and Fax³⁾ **Preview** allows you to review, rotate and modify your scanned documents or incoming faxes before saving or printing them.

Barcode Printing gives you the option to send print data from your ERP system directly to the MFP. The barcode sequence is automatically processed and printed without the need of additional middleware.

Customisable User Interface for an all new user experience. A fully customisable, tiltable 26 cm (10.1") colour panel works like a tablet or smartphone interface so you can find whatever you need by just swiping your finger.

Auto Skew Correction for non-standard paper sizes ensures your scanned documents are created accurately – every time.

Highlights

Embedded apps

Each company has different ways of storing and sharing data. Therefore, the e-STUDIO5018A series can be equipped with apps to enhance your efficiency. Whether you wish to connect to cloud services or local applications, we have the solution.

Multi Station Print Solution

Toshiba's internally developed Multi Station Print Solution allows users to send print jobs from their desktop and retrieve them at up to 50 different MFPs within the network by authenticating at that device, e.g. by simply swiping their badge.

Dual Scan Document Feeder

An option which holds an amazing 300 originals and boasts an impressive 240 images per minute (ipm) by scanning both sides of the page in a single pass.
